<u>Bible Verses</u>	<u>Description</u>	<u>AM Year</u>	<u>BC Year</u>
Genesis 1:1-31	<p align="center">The Creation Year</p> <p align="center">https://biblicalcalendarproof.net/calendar?GC_Year=4046&GC_Era=BC https://bit.ly/32EwwiU <i>[shorter version for typing the link]</i> [1]</p>	1	4046
Genesis 1:26	<p>In this verse God the Father tells us why He created man. There are two words which explain the result He wants mankind to achieve; “likeness” and “image.” The word “likeness” is Strong’s #1823 and refers to man’s outline or shape, which is a copy of God’s shape. The word “image” is Strong’s #6754, and the following explanation is from <i>The Theological Wordbook of the Old Testament</i> page 768, “God’s image obviously does not consist in man’s body which was formed from earthly matter, but in his spiritual, intellectual and moral likeness to God from whom his animating breath came.” Matthew 5:48 <i>“Therefore you shall be (become) perfect, just as your Father in heaven is perfect.”</i> John 15:1-2 <i>“I am the true vine and My Father is the vine dresser. Every branch in Me that does not bear fruit He takes away; and every branch that bears fruit He prunes, that it may bear more fruit.”</i></p>		
Genesis 1:14-18	<p>God sets the sun, the moon, and the stars in their orbits at creation and they continue in those orbits to the present time. He set them in their correct orbits to reflect the 4th day of creation: Wednesday, March 23, 4046 BC (Nisan 4). This was the beginning of a known cycle of these three orbs of thirteen, nineteen-year cycles that total 247 years. Only one of the thirteen cycles begins on the 1st day of the week which reflects the creation week in Genesis 1. Of course, this is the cycle that must start the calendar that God uses throughout the Bible. As this timeline shows, it documents the biblical events by using this calendar. An example is the narrative of the Noachian flood where Noah gives an accounting of the flood year as having 385 days. This is the maximum length of a Hebrew calendar year and is the key to establishing the method of keeping track of time.</p> <p align="center">Reference the article <i>“Noah’s Flood and God’s Calendar.”</i> https://biblicalcalendarproof.net/articles/noahs-flood-and-gods-calendar https://bit.ly/2FCF7tD <i>[shorter version for typing the link]</i> [2]</p> <p>This timeline is the factual representation of the Bible from creation to the present and is what establishes 4046 BC as the starting year of creation.</p> <p align="center">View the video <i>“Proving The Biblical Calendar Generator.”</i> https://www.biblicalcalendarproof.net/about/view-true-holy-day-biblical-calendar-online https://bit.ly/35OfVen <i>[shorter version for typing the link]</i> [3]</p>

Genesis 5:3-32 1 Peter 3:20	<p>The table below is the <i>minimum</i> passage of time from Adam to Noah. In order to meet the calendar year having 385 days, as recorded in the flood record, 5 years have to be added to the total of years before the flood: 1656 + 5 = 1661AM, the year of the Flood, or 2386BC. This 385-day year is the anchor for the timeline and the calendar.</p> <p>Reference the article: "God's Timeline of Man's Walk on Earth" https://www.biblicalcalendarproof.net/articles/gods-timeline-mans-walk-earth https://bit.ly/3caUQvS <i>[shorter version for typing the link]</i> [5]</p> <p>Reference the article: "Noah's Flood and God's Calendar." https://biblicalcalendarproof.net/articles/noahs-flood-and-gods-calendar https://bit.ly/2FCF7tD <i>[shorter version for typing the link]</i> [6]</p> <p>Reference the article: "Why Count the Days of Noah's Flood?" https://www.biblicalcalendarproof.net/articles/why-count-days-noah%E2%80%99s-flood https://bit.ly/3hODjL0 <i>[shorter version for typing the link]</i> [7]</p>		

	Antediluvian Patriarchs	Years Lived Before Son's Birth
Genesis 5:3-5	Adam	130
Genesis 5:6-8	Seth	105
Genesis 5:9-11	Enosh	90
Genesis 5:12-14	Cainan	70

Genesis 5:28-31	Lamech	182
Genesis 7:6	Noah's Age at the Flood	600
	Minumin Years Before the Flood	1656

The table above shows only the **impossibility** of using 1656 as the flood year. It does not show the actual births and death of the patriarchs. The bible does not reveal these dates with the exception of Noah and his son Shem. Those dates are revealed through the flood account. The table

Biblical Timeline—Genesis to 70AD [Timeline Latest Revision 2021 09 16]

on the next page is based on the **raw data** taken from Genesis 5:1-32. The times of the births are given in year numbers for each man. We only have the time that the father lived until the birth of his son. This anomaly can be seen in the birth year of Seth. Adam was created in the 6th day of 4046 BC, or 1 AM. This creates a problem that can only be corrected when the 385-day year of the Flood is applied. Noah’s age at the start of the Flood was 600 years (Genesis 7:11). Noah was 601 years old on the first day of the next year (Genesis 8:13)—1662AM/2385BC.

-----------------------	---	--	--

For Adam to have lived 130 years before the birth of Seth, Seth would have had to have been born in 3916 BC, or 131 AM, this places Seth’s death year at 3004 BC or 1043 AM. When using the raw data of Gen. 5, but including their death dates, it is found that Methuselah would have lived 1 year after the assumed date of the flood 1656 AM or 2391 BC taken from the previous chart. This proves mathematically that the compiling of the years as shown in Gen. 5 to the flood cannot be used to determine the year of the flood as shown in the first chart, which is universally used by present day chronologists.

Genesis 11:24	<p>The son of Nahor was Terah, Abraham's father, who died at age 205 (Genesis 11: 32). At Terah's death, Abraham was 75 (Genesis 12:4) meaning that Terah was 130 years old at Abraham's birth (205-75). Adding that to 222 gives a total of 352 (130 +222) years from the flood to Abraham's birth. 352 + 75 (his age) = 427 years, from the end of the flood (1662AM/2385BC) until he left for the promised land.</p> <p align="center">Reference the article "Noah and Moses Revealed God's Calendar." https://www.biblicalcalendarproof.net/articles/noah-and-moses-revealed-gods-calendar https://bit.ly/2Eq346Y [shorter version for typing the link] [11]</p> <p align="center">View the video "Proving The Biblical Calendar." https://biblicalcalendarproof.net/about/view-true-holy-day-biblical-calendar-online https://bit.ly/35OfVen [shorter version for typing the link] [12]</p>

Daniel 9:25	7 + 62 = 69, 69 x 7 = 483 years from the declaration to rebuild Jerusalem to the death of the Messiah. 454 BC years + 29 AD years brings us to the start of 30 AD. Christ was crucified in the first month, the 14 th day—Passover. This occurred on a Wednesday, fulfilling Christ's prophesy of Mathew 12:38-40, which required Christ to be buried for three days and three nights. Read pages 3-5 of the article "Prophetic Days of Daniel 12:11-13" for a complete explanation. https://www.biblicalcalendarproof.net/articles/prophetic-days-daniel-1211-13 https://bit.ly/3mlcJqD [shorter version for typing the link] [41]	4076	30
John 2:20	John 2:20 – Secular history gives the date that Herod the Great began the rebuilding of the second temple as BC 20- 19. This statement is given in BC years, making it a Gregorian time element. This math gives 19 BC years, leaving 27 AD years, which correlates to the Jews statement of 46 years. At this point three years are left in Christ's ministry, bringing it to the crucifixion year at the start of 30 AD, thus making John 2:20 a proof scripture of the only year with a Wednesday Passover. The year for the crucifixion MUST have a Wednesday Passover, which 30 AD has. (For confirmation see the Calendar Generator for the year 30 AD). The Bible is a book of truth and II Timothy 3:16-17 states " All scripture is given by inspiration of God, and is profitable for doctrine, for reproof, for correction, for instruction in righteousness, that the man of God may be complete, thoroughly equipped for every good work. " The statement "46 years" by the Jews is part of scripture, and is shown to be a proof scripture for the crucifixion year of 30 AD.	4076	30
